## MACKAY IS RE-ELECTED

A proposed increase of nearly \$5,000 in the budget for the school year beginning July 1, 1943, and an increase of one mill in the taxation rate to cover the amount, was the principal item of business to come before the board of education at its May meeting in the high school Monday evening.

The amount proposed for the new budget is \$355,791.45 as compared to last year's figure of \$350,951.51 and the millage rate will be raised from 21 to 22, retaining, however, the present per capita tax of \$5.

The above figure, it is stated, provides for no salary increases since this matter is still before the legislature and the hands of school boards are tied until action is taken. Reasons given for the increase include new fuel rates, additional costs in janitorial and instructional supplies and increased insurance premium rates; also because of decreased valuation assessments.

The proposed budget will be given public hearing and adopted, as amended, on May 24.

Various reports submitted to the board included attendance figures and from the dental hygienist, medical officer and school nurse.

R. W. Mackay was reelected treasurer of the board for the coming year and George E. Mahaffy, 12 Bradley street, was elected.

Bradley street, was elected Harry Nicholson, staff to replace Harry Nicholson, who resigned to enter defense work.

Permit was given to the Dragon Band to participate in whatever Memorial Day program may be worked out.

Bills approved amounted to \$3,441.40 and the board approved adoption for a five-year period of a new series of readers published by Scott, Oresman Company for grades one to four. Attention was called to the fact that the above budget includes purposes if transfer permits such periods; for a renewal of contract with Fred N. Cross, Watson township, for transportation to orthogenic clinics.

## Volunteers Needed For Blood Bank

Red Cross Headquarters at 404 Market street are asking for 43 new volunteers of the May visit of the blood bank on May 17th and 18th. Scheduling of hours for the two day visit has begun and it is urgent that these volunteers sign up immediately that the two day visit may be a success. Volunteer donors will find application blanks in file at any local drug store; or at Red Cross Headquarters. Donors can be between the ages of 21 and 60; either men or women are acceptable. More than 750 residents of Warren County are enrolled as volunteers for this important phase of Red Cross War activity but new donors must be added to insure the visit of the mobile unit from Buffalo two days very month.

## Livengood Warns Danger of Growing Centralized Rule

Harrisburg, May 4—(P)—William E. Livengood, Jr., inaugurated for his second four-year-term as secretary of internal affairs, called today for separation of authority among federal, state and local governments.

Given the oath of office by state supreme court justice Allen M. Kearne in the senate chamber before high state officials and Republican party leaders, Livengood said that "as the weaknesses in local government became apparent instead of trying to correct those weaknesses we transferred the power to the state," and added: "Now as weaknesses in the state government occur there are those who seek a solution by transferring all power to Washington."

## Mystery Man To Tell Story

Washington, May 4—(P)—A promise by the mystery man of R street to tell congressional war contract investigators all about his dinner parties for Washington officials brought this comment today from a source close to the house military committee:

"Many of the higher-ups in Washington won't sleep well if they think he really will tell all."

The informant declined to elaborate but suggested that tomorrow's committee hearing, at which John Monroe of the R street house will be given another chance to testify, might prove interesting.

At his first appearance last week Monroe refused to answer questions about himself or social activities at his four story home in the heart of an exclusive residential area.

## TAX BILL IS STILL TOPIC OF DEBATE

## Three Plans Under Discussion and Voting Will Take Place Sometime Today

## GOP FAVORS RUML

BY FRANCIS M. LE MAY

Washington, May 4—(P)—After months of bitter party strife, this is the day of decision in the house on pay-as-you-go taxation, and it's still anybody's guess as to how hard the pocketbooks of 44,000,000 income taxpayers may be hit.

It appeared virtually certain that any measure approved would provide:

1. For cancellation of at least one-half of the \$10,000,000,000 tax assessments against 1942 individual incomes.

2. A 20 per cent withholding levy against wages and salaries (after deduction of allowable exemptions for family status).

After two days of final debate, the voting was set to begin before nightfall. The 435 members had three major proposals to choose among:

1. The Ruml plan to skip a full income tax year, as modified in a bill by Rep. Carlson (R-Kas). This measure was championed again by the Republicans. The Democrats succeeded in defeating it a month ago, 215 to 198.

2. The Democratic-supported plan to abate about 50 per cent of 1942 taxes through application of the much easier 1941 rates and exemptions to last year's individual incomes. Under this bill, the taxpayers would pay off the reduced 1942 obligation over the next three years (or sooner if he desired) while at the same time remitting on current income.

3. A compromise plan by Representatives Robertson (D-Va.) and Forand (D-Ri.) of the ways and means committee, which would abate the 6 per cent normal and 13 per cent first bracket surtax on the 1942 income of all taxpayers, erasing the last year's liabilities completely for about 90 per cent of taxpayers with the total cancellation amounting to about \$7,500,000,000.

All three plans embrace identical provisions for the 20 per cent withholding levy, which would not be an additional tax but a means of weekly, semi-monthly or monthly deductions from wages and salaries for current payment of taxes.

ing of local government had created "an ever growing bureaucracy" which unless restricted "will drive us first to desperation and finally to destruction."

"The greatest tragedy that could befall the American people," he added, "would be to win the war abroad but lose at home the things for which the war is being fought."

The inaugural program, followed by an informal reception in Livengood's office, was arranged by Senator M. Harvey Taylor, Republican state chairman.

Livengood, born in Salisbury, Somerset county, in 1900, was first elected internal affairs secretary in 1938 and re-elected last November. He previously served as Somerset county Register of Wills.

## COAL ROLLS FROM MINES OF NATION

## Problem Still Remains as to What Body Will Handle Negotiations on Wage Dispute

## LEWIS IGNORES WLB

Washington, May 4—(P)—Fuels Administrator Ickes today ordered a six-day week throughout the coal mining industry as work generally was resumed after a week-end strike crisis.

The order was telegraphed to approximately 3,850 mine operators now running their properties as agents for the government.

Ickes said mines failing to operate six days weekly would suffer cancellation of the price ceiling increases granted them by the office of price administration to cover the added costs of overtime pay.

Washington, May 4—(P)—Carloads of hard and soft coal rolled out of the country's mines again today—but the key to the labor crisis which closed the industry's doors during the weekend still was missing.

The first day of a two-weeks temporary truce found the miners busily digging the war vital fuel with Uncle Sam as their new boss. But the issue of who will handle permanent settlement of the wage dispute which brought the week-end walkout found both sides still standing pat.

The war labor board was confident that President Roosevelt fully supported its jurisdiction, and that the case will be handled without any deviation from the normal wartime procedure.

And John L. Lewis asserted the United Mine Workers whom he ordered back to work today pending (Turn to Page Nine)

## GOAL STILL AFAR

Washington, May 4—(P)—Record-breaking production totals in aircraft, warship and merchant vessels were rolled up in March. Donald M. Nelson reported today, but first-quarter arms output still fell far short of the rate needed to meet military plans for 1943.

Aircraft output soared to 6,200 planes and heavy four-engine bombers topped the 500-a-month rate for the first time, the war production board chairman disclosed in his ninth and most detailed monthly production report.

Naval and cargo ship construction was "the greatest on record," Nelson said, noting the completion of the 45,000-ton battleship Iowa in March and hinting, in these words, that more are coming:

"It is expected that from now on many of the larger ships started early in the war effort will be coming into active service."

Overall munitions output in March was 11 per cent above February, although the daily rate change was small because February was three days shorter. Taking the first three months together (Turn to Page Nine)

## METHODIST BISHOP VISITS ARMY CAMPS

Belfast, Northern Ireland, May 4—(P)—Bishop Adna W. Leonard, representing 31 Protestant American denominations in a tour of overseas United States service posts, summed up a two-day tour of camps in Northern Ireland with the comment today:

"I cannot speak too highly of the grand way the people of Northern Ireland have treated our boys."

During his visits, the bishop talked to scores of enlisted men. In addressing a conference of United States chaplains, he said his experience in Ulster, as elsewhere, showed the number of fighting men seeking spiritual guidance from chaplains was unprecedented.

Killed in a plane crash in North Carolina on March 30, LaVern Bentley, formerly of Kinzua, is believed the first Warren county casualty of World War II to be buried in Arlington National Cemetery.

Definite word concerning his death has been received by his parents, Mr. and Mrs. C. L. Bentley, of Kinzua, the message having been relayed from his wife in Escondido, Calif.

A previous message informed them that he had died March 3, but this was proved untrue when they received a card, from him, dated March 22 in Pensacola, Fla.

The latest news reports that he was on a night training flight in North Carolina when the plane caught fire in midair and crashed in twelve feet of water. It was three days before bodies of Bentley and his seven associates were (Turn to Page Nine)

## OIL TRAVELS SLOWLY

Chambersburg, Pa., May 4—(P)—A globule of oil flowing in the "big-inch" pipeline now being constructed in this area will take 15 days and 15 hours to cover the 1,500-mile distance from Long View, Texas, to the eastern seaboard, estimates the Rev. Paul B. Lucas of Chambersburg, also a mathematician, surveying and drafting instructor.

Although the campaign ended officially last Friday, the committee stated the extension was necessary due to adverse weather conditions in many localities which made it "impossible to do a thorough job."

## AMERICANS OCCUPY ISLES IN SOLOMONS

## Russell Group Northwest Of Guadalcanal Are Taken Over by Mac-Arthur's Men Weeks Ago

## TO SERVE AS OUTPOSTS

Washington, May 4—(P)—American forces extending their hold on the Solomon Islands, have occupied the Russell Islands which lie immediately northwest of Guadalcanal, the navy reported today.

The Russell group, which includes two main islands, lies only 18 miles from the northwestern tip of American occupied Guadalcanal at its nearest point. Teh group is less than 100 miles from points in the central Solomons, such as Viru harbor and Rekata Bay, from which the Japanese are known to have operated.

Navy spokesmen declined comment on the operation, which was carried out in February after enemy resistance ceased on Guadalcanal, but presumably the Russell bases serve as outposts for American positions on that occupied island.

The kind of fortifications being set up on Russell island was not disclosed. Apparently the islands would lend themselves to flight strip construction, although such an establishment might not be necessary since they lie near enough to the air field on Guadalcanal to have fighter protection from there.

This occupation constitutes the first expansion to be reported in the Solomons since American forces moved in there August 7, aside from the consolidation of their hold on Guadalcanal.

## Victory Flushed Americans Drive On After Forcing Hitler's Finest Troops Into Retreat Over Wide Area—Today's War Picture on Various Fronts

By ROGER GREENE  
Associated Press War Editor

Victory-flushed U. S. troops, swiftly exploiting their capture of Mateur, were reported driving ahead to split the Axis armies in the Tunis and Bizerte zones today, and Allied headquarters announced that the Americans "have forced the enemy in the northern sector to evacuate all his forward positions."

The key gateway city of Mateur, 18 miles southwest of Bizerte and 34 miles northwest of Tunis, fell to the Americans at 11:30 a. m. yesterday.

After seizing Mateur without a fight, the Americans fanned out to the north and south, with the southern column advancing 10 miles to reach a point only 10 miles from Tebourba, the gateway to Tunis.

Tebourba lies 18 miles west of the capital.

Simultaneously, the German-controlled Vichy radio told of Allied sea-borne movements at Gibraltar and off Algeria and suggested that a large-scale invasion attempt against Sicily and Sardinia was imminent.

The two islands, major bases of supply for the Axis armies in Tunisia, would form convenient stepping-stones across the Mediterranean for Allied thrusts against Italy or the so-called "soft under belly" of Europe.

Other developments at a glance:

Russia—Battle for Kuban bridgehead flares wide open. Moscow says it may be start of great summer struggle. Soviet fliers list 54 German planes shot down in two days in Caucasus. 21 Russian planes lost.

Southwest Pacific—Gen. MacArthur's headquarters discloses heavy Allied air losses in battle of Darwin caused by violent winds. No Japanese fighting prowess; 13 enemy planes destroyed or damaged out of 51-plane attack.

China—U. S. army fliers shoot down six Japanese aircraft, probably destroy seven others in battle over Hunan Province; one American plane lost.

Burma—RAF bombers pound big Japanese base at Akyab by day and night; no change in land fighting.

## Lethal Gas Killed Two In Bedroom

Pittsburgh, May 4—(P)—A theory that 63-year-old John C. Rose, self-publishing author and amateur photographer, turned his bedroom into a miniature lethal gas chamber in which to kill himself and a 20-year-old girl, was advanced yesterday by Detective Inspector Walter C. Monaghan.

The nude bodies of Rose and Beatrice Willard, daughter of Rose's landlady, were found in the bedroom early last Wednesday morning. Police and the coroner have been puzzled as to just what caused the deaths.

Inspector Monaghan, who termed the case one of murder and suicide, said his investigation now has convinced him Rose poured acids, similar to those used to create deadly gas in execution chambers, into a crock under his bed.

## Adm. Robert Protects Act Of State Dept.

New York, May 4—(P)—Admiral Georges Robert, French high commissioner of Martinique, has protested the action of the U. S. state department in breaking off relations with his administration because of its close connection with the German-dominated Vichy government, he disclosed last night.

In a cable to the Associated Press, Admiral Robert said the state department's action "offers nothing else in exchange" for the ruptured relations, and has "shut out all possibility of a fresh proposal on my part" by calling home the U. S. consul general.

Robert urged that the text of his reply to the state department be made public in American newspapers, but failed to disclose what steps he proposed to take in the face of the department's action. His cable answered a query from the Associated Press regarding his views.

Other bills passed by the senate would:

Exempt war veterans' organizations from regulations affecting solicitation of funds. To house.

Prove \$1 compensation per drill for members of the Pennsylvania Reserve Defense Corps. To house.

## Council Rejects All Bids For 4th Ward Fire House

On motion of Council Earl Patchen all bids for the new Engine House in the Fourth Ward were rejected last evening following their opening and all certified checks were returned to the bidders. Following the opening of the bids submitted the building committee went into recess to consider them and after about half an hour returned to the Council Chamber with the above recommendation which was carried.

No action toward the securing of new plans or a re-advertisement of bids was taken.

Estimates given Council at previous meetings were to the effect that the new station could be built for approximately \$8000 but the bids as opened last evening were as follows: \$11,468 by Contractor Clair Beyer; \$12,156 by the Gamble Construction Company; \$11,535 by Ludwig Peterson. The committee in its report stated that the plans

were not complete.

Report of the Finance Committee showed that in the General Fund at present there is \$73,349.46 and in the sinking fund \$45,286.91. Report was also made that the committee had invested \$60,000 in Series C Tax Notes which will increase the interest return to Council of between \$300 and \$700 until it is necessary to use the money.

Nine \$5000 notes and fifteen \$1000 notes were purchased, the action of the committee was approved by Council.

It was voted to give \$150 to the Memorial Day committee of the various patriotic organizations in the city.

The street committee reported that laying of old casing, pipes, etc., in gutters where driveways into garages were constructed has resulted in trouble in draining the streets. An ordinance covering the (Turn to Page Two)

### ERICK FREDERICKSON

Erick Frederickson, aged 69, of  
33 Spruce avenue, former mer-  
chant and resident of Kane for over  
a half-century, succumbed to a  
long illness at the Community  
hospital this afternoon.

Mr. Frederickson was born in  
Sweden, on November 3, 1873,  
coming to Kane as a youth. For  
many years he conducted a meat  
market here and then was em-  
ployed by the American Plate  
Glass corporation at James City.

A decade ago he was employed  
in the meat department of the  
Kane Milling and Grocery com-

### PUBLIC ADDRESS

Dr. Carl Barker, of Rotary In-  
ternational, has been secured by  
the Sheffield Rotary Club for a  
public address at the Sheffield  
High School auditorium at eight  
o'clock this evening. There is no  
admission charge and the public  
is invited.

### TAGGERS TO REPORT

Ways and means committee  
workers of the School Music Boost-  
ers' Club are reminded to report  
this evening their advance sale of  
patron tickets for the third an-  
nual "tag day" on Saturday of this  
week.

### PRODUCTION DROPS

Crude oil production in the  
Pennsylvania Grade area last week  
dropped 1,198 barrels daily aver-  
age, according to preliminary es-  
timates. The output of the region  
last week was 71,001 barrels as  
against 72,199 barrels for the pre-  
vious week.

### DROWNED IN CLARION

Alvin Swanson, 50 of Johnson-  
burg was drowned yesterday at  
Ridgway while searching for the  
body of Lawrence Platner, 7 year  
old Paper City boy drowned in the  
Clarion April 22. Swanson was in  
a boat which went over the dam  
near the Elliott plant in Ridgway  
and immediately sank.

### CAR REPORTED STOLEN

An automobile was reported to  
the police yesterday morning.  
However the owner later told the  
officers he had received a telegram  
saying a friend of his had taken  
the car to Jamestown. As yet the  
friend has not returned with the  
car and as he is AWOL from Fort  
Jackson there is a growing fear  
that he may not return.

### IS NEW ROTARIAN

At yesterday's meeting of Ro-  
tary Club, held at noon at the  
YWCA activities building, Hugh  
R. Logan was welcomed into mem-  
bership by W. E. Yeager. Guest  
speaker was the Rev. Donald C.  
Dibble, of Buffalo, N. Y., and  
former pastor at Youngsville, who  
has as his theme "The Faith That  
Undergirds Life". Rev. W. G.  
Woodward, delegate to the 175th  
Rotary District convention, held  
recently in Erie, will present his  
report at next Monday's meeting.

### DENTISTS IN PITTSBURGH

Four Warren dentists, Dr. E. W.  
Myers, Dr. J. E. Richards, Dr. R.  
S. Gibb and Dr. J. R. Elliott are  
in Pittsburgh today to attend a  
District Dental convention.

### TOWNSEND MEETING

The regular meeting of Town-  
send Club No. 2 will be held in  
Townsend Hall at 8 p. m. Thurs-  
day, preceded by a 6:15 tureen din-  
ner. All attending are asked to  
bring turneps, bread and butter.

### SELECTEES LEFT TODAY

Another group of selected ser-  
vice men left this morning for an  
eastern reception center. There  
was a large group of friends at  
the railroad station to bid them  
farewell, the Struthers-Wells band  
played patriotic music and each  
man was presented with a carton  
of cigarettes, a Testament and a  
box of lunch.

### CAUGHT BIG FISH

Eight year old Norman Van Ord,  
of Route 2 Akeley landed a 15½  
inch sucker in Fairbank Creek  
while out one day last week. The  
fish was almost too big for such a  
small boy and it was nip and tuck  
for a while whether the lad would  
land the fish or whether the fish  
would dunk the lad. But persev-  
erance won and the sucker was  
hauled ashore.

### HIP BOOTS UNRATONED

The OPA has announced that all  
olive drab, clay or khaki colored  
over-the-knee height boots have  
been released from rationing con-  
trol and may be sold certificate-  
free. The fishing boots, formerly  
classified as types 1 and 2, are not  
used in industry and the manu-  
facture has not been prohibited by  
the War Production Board. Boots  
of below-the-knee height remain  
rationed.

### OLD PLANT DEMOLISHED

The Yeagle Sand and Gravel  
plant located at the foot of Oak  
street is being dismantled. The  
high tower on which a cable car-  
rying a scoop into the river was  
operated for many years was razed  
Sunday morning. A steel cable  
was attached to the tower and a  
truck pulled the tower and  
not being in use any more was  
taken down before it might have  
fallen and injured children play-  
ing nearby.

### WROTE ADMIRABLE REPORT

Lieut. Gordon Munn, of the  
Police Department, who was as-  
signed by the County Council of  
Defense as the Bomb Reconnaiss-  
ance Officer of this county has  
written a report of the Bomb  
School held at Bradford. Lieut.  
Munn spent two days at the school  
and received the instruction given  
by United States Experts. He has  
compiled a most admirable report  
on the school and the series of les-  
sons given there. Chairman Allan  
Gibson, chairman of the County  
Council of Defense has had report  
mimeographed and copies will be  
mailed to every air raid warden  
and auxiliary police officer in the  
county and they are being asked to  
study this report carefully.

## Nine Young Warren Men Granted Leave

The U. S. Naval Training Station at Sampson, N. Y., in a special dispatch received today, reports that nine young men of Warren and vicinity have been granted leave following completion of their basic training there and may now qualify for petty officer rating. They are:

Paul Edward Nero, son of Mr. and Mrs. Lester Nero, 1018 West Fifth avenue; Joseph F. Saraceno, son of Mr. and Mrs. Thomas Saraceno, 103 Crescent street; Adolph B. Hamm, son of Mrs. John Hamm, 116 Frank street, Warren.

Leroy Rhodes, son of Mrs. Rose Rhodes, Pittsfield RD 1; Kenneth H. Lind, son of Mr. and Mrs. Oscar Lind, Youngsville RD 1; Robert A. Jenkins, son of Mrs. J. R. Jenkins, Sheffield; Lawrence M. Eighmey, son of Mr. and Mrs. L. J. Eighmey, Pittsfield; Harry Gerus, son of Mr. and Mrs. Frank Gerus, Tidoute RD 1; Joseph L. Rondinelli, son of Mr. and Mrs. Frank Rondinelli, 15 Second street, Tidoute.

The entire group, all with ratings of seaman second class, are now eligible for further assignment to stations where they will receive specialized instruction, but no destinations have been announced.

## Celebration Planned In This County

County Chairman Allan Gibson, of the Council of Defense is at work on the observance of "I Am An American Day" to be observed on Sunday May 16. Mr. Gibson, when seen yesterday, stated that he did not think that a parade would be held but that the observance would be carried on through the cooperation of the churches of the county. As yet there is no set program but with Rev. J. C. Wygant, chairman of the speakers bureau a program will be worked out.

Tentatively Mr. Gibson suggested that all churches participate and that special sermons be given while parents and relatives of men in the service be urged to attend church on this day. Some special observance will be given also to persons who have just attained their 21st birthday.

It is further more asked that every home throughout the county place the Stars and Stripes in a prominent position on this day.

## William R. Simonsen To Be County Treasurer Candidate

With a backlog of votes from staunch friends made in a campaign four years ago William R. Simonsen, has shed his hat into the ring for the nomination as County Treasurer at the primaries subject to the will of the voters. "Bill" Simonsen is deservedly popular in the county and as a candidate for the same office four years ago lost the nomination by only a few hundred votes.

He is a son of Danish parents who came to Warren many years ago and during their life time they operated the Simonsen Wallpaper Company which is still carried on by another son. Mr. Simonsen was born and reared in Warren and for many years handled the Dodge Automobiles but of late years has engaged in the General Insurance business with offices on the East Side. He is married and has one son, William R. Jr.

During World War I Mr. Simonsen served with the 80th Division and spent one year of his war service in France taking part in many engagements. He is Past Commander of the Warren Veterans of Foreign Wars and has also served as Adjutant of the Northwestern County Council. He also is a member of the American Legion, The Elks, United Commercial Travelers and the Izaak Walton League.

He is a devotee of out of door sports and is a hunter of small and big game and enjoys the life in the open. As a member of the Elks Bowling League he rolls a consistent score.

Warren friends of "Bill" know that he is above reproach and his high moral character is such that he attracts to his circle of friends men of repute and dignity of character. In presenting his name as a candidate for one of the county's more important offices there must be a certain amount of pride felt by those who are urging his candidacy.

A life long Republican he has never held any office and four years ago only allowed his name to be presented following the importuning of his friends. Due to the gasoline and tire situation Mr. Simonsen will be forced to curtail somewhat his visits throughout the

county but he will endeavor to contact the voters as far as possible.

When queried yesterday relative to his candidacy Mr. Simonsen said "I am in this fight to a finish. I can only pledge my friends that I will endeavor at all times to deserve their confidence and if elected I will serve in office to the best of my ability, with courtesy for all and endeavor to reflect credit to the Republican party which supported me."

## 2nd War Loan Drive Group Commended

Pointing to the excellent results of the campaign as evidence of the fine job which they turned in, W. B. Lamberton, executive field director for the Second War Loan campaign in this section, has expressed his sincere appreciation to the county chairmen and the co-chairmen and all others who lent their time and effort to the drive.

"I wish to take this opportunity to extend my appreciation to Robert W. Mackay, chairman and H. W. Conarro, co-chairman, and Donald C. Smith, vice chairman of Warren County together with all those fine loyal citizens who have given unstintingly of their time and effort, my sincere thanks and appreciation for the very splendid job they have turned in on the Second War Loan drive," Mr. Lamberton said.

"I can safely say that no group of workers in any campaign ever devoted themselves more wholeheartedly or loyally to a cause than in this instance, and the magnificent result attained speaks for itself."

"I wish I could thank each one of them personally, but since that is not possible I am using this space to let them know how much I, as field director, appreciate their cooperation."

The executive field director also expressed his appreciation of the fine work of J. R. Barrett, executive manager of the Warren County Finance Committee and his assistant, Miss Mildred Kiernan, who handled the office work of the drive. Mr. Lamberton also commended the originality and exceptionally fine character of the publicity directed by C. A. Pettibone, samples of which were sent to the Pittsburgh Area Office because of their originality and he also spoke of the fine cooperation received from the Warren Times-Mirror.

Mr. Lamberton coordinates the work of the Second War Loan in Warren, Venango, Forest and Jefferson counties and has been here on several occasions always pressing his great pleasure with the way the work has been organized in Warren county.

The lakes and streams of Pennsylvania contain 160 varieties of fish.

## Scouts Stage Successful First Aid Contest at Youngsville

Two Boy Scout First Aid teams rated standard in their First Aid performance at the meet held Thursday night at the Youngsville High School. In addition to the First Aid Contest the Scouts enjoyed the Emergency Service Training aspects of the program which included the Obstacle race, equipment race and demonstration of the control of Troop movements by merely "hand signals", which was given under the leadership of Paul Franklin and his Scouts of Troop No. 29 of Pittsfield.

The team representing Pittsfield Troop No. 29 was under the leadership of Louis Franklin and attained an average of 97½ for the three First Aid Problems which the judges required they solve. Other members of the team were: Thomas Inter, James Fales, Edward McGraw and William Abraham.

The Youngsville Troop No. 31 team was under the leadership of George Kay and their average for the three problems was 97 percent. The other members of the Youngsville team were as follows: Jack Schumacher, Robert Freeborough, Carl Rosendale and Raymond Walters. The troop No. 31 obstacle race team lead by Jerry Schumacher completed the course in one minute and ten seconds, the other members of his team were:

Merle Welsh, Dale Freeborough, Jack Richards and Carl Rosendale.

The team representing Troop No. 29 of Pittsfield was under the leadership of Louis Franklin and the team completed the course in one minute and twenty seconds.

## Farm Loans Available Now

I. J. Nealon of the crop loan office will be in Warren county on Wednesday, May 5, 1943 taking applications from all farmers needing crop and feed loans. Mr. Nealon will be at the post office in Youngsville at 9 a. m., Sugar Grove post office at 10 a. m., Russell post office at 11 a. m., and in the Warren court house, second floor, from 1 p. m. to 2 p. m.

Our nation has tackled the biggest job in its history, and the food situation is critical. We are appealing to the farmers to put in extra acres of essential war crops. In other words, we ask the farmers to "plant the limit", raise more beef, hogs, poultry, and produce more eggs, milk, and cheese. The crop loan office is cooperating by loaning the farmer the necessary money to carry out the program and if any farmer needs ready cash he should meet Mr. Nealon on Wednesday while he is in Warren county, or see Richard Evans, alderman, 124 Pennsylvania Ave. at any time during the next few days. There are only a few more days left for the farmers to get in his food crops. For further information write Crop Loan Office, Box 434, Butler, Pa.

The other members of the team were as follows: Roderick Long, Raymond Malry, Edward McGraw and James Fales.

The equipment race was won by Raymond Malry of Troop No. 29, second place, Robert Freeborough, Troop No. 31 and third place, Louis Franklin of Troop No. 29.

The arrangements and the organization of the meet were perfected by Gilbert Sanford of Youngsville who is a member of the Warren County Council, Camping and Activities Committee. The other men who helped in the administration of the show were: Paul Franklin, Scoutmaster, Troop No. 29; Russell Crippen, Scoutmaster, Troop No. 31; Rev. Chas. McIntyre, C. Vance Weld and Chester R. Seymour.

The Judges of the First Aid Contest were: H. H. Husted, and Fred Jaffin.

## GRANGERS SUGGEST RIDES BE SHARED

Officers of Warren Grange, No. 1025, in advising their membership of the regular meeting on Wednesday evening, make the special request that all turn out who will share-a-ride to the county Pomona meeting at Grand Valley on Thursday. Transportation difficulties will be met in this manner without decrease in the quarterly attendance.

Tomorrow night's meeting will be held in the IOOF hall on Hickory street, with the first and second degrees conferred upon a class of candidates.

The guest speaker will be Allen Gibson, chairman of the Warren County Defense Council, who will speak on the program, and accomplishments of that defense unit.

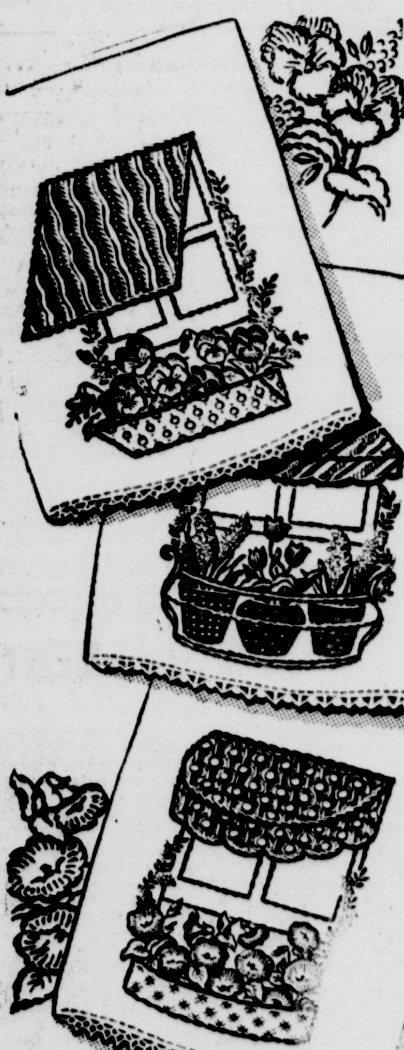

After the meeting, the home economics committee will serve a war sugar dinner.

#### HOW TO ROUND THE WAISTLINE

To cultivate a well-rounded waistline in days to come, follow one or more of these rules of conduct as given by Harry L. Hopkins, New Dealer No. 2, in the current issue of The American Magazine:

1. Be a plutocrat.

"The plutocrat this summer," Hopkins writes, "will not be the man with a big house and a garage full of automobiles, but the man with a vegetable garden and a coop full of chickens."

2. Cultivate farmers as friends.

"Farmers, because they produce the food," Hopkins says, "will eat better, and an invitation to dinner at a farm house will be highly prized."

3. Gain the friendship of a cow and learn how to milk.

"Our production of feed grains and hay will be satisfactory," Hopkins declares, "and the dairy herds, particularly, will be well supplied."

4. Get in the Army, Navy or Marines.

"We have the best-fed armed forces the world has ever known," according to Hopkins. "Each man gets a pound of meat a day. Many of them eat nearly twice as much as they did at home. . . . The average man in our armed forces gets about 4,400 calories a day."

The average civilian in this year of our Lord, according to Hopkins, will get about 3,000 calories a day, if lucky.

#### DECALOGUE FOR 1943

(From the Midwest Purchasing Agent)

We submit, from the Land O' Lakes News ten "cant's" that are good in both war and peace. Rightly described as "costing so little but worth so much," they are:

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help small men by tearing down big men. You cannot help the poor by destroying the rich. You cannot lift the wage-earner by pulling the wage-payer down.

You cannot keep out of trouble by spending more than your income.

You cannot further the brotherhood of man by inciting class hatred.

You cannot establish sound security by borrowed money.

You cannot build character and courage by taking away a man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

#### NAZI HUMOR

It is possible to tell much about an individual, or a race, from the type of humor at which he or it likes to laugh. We have thought of the German as heavy-handed intellectually and as lacking in many of the finer instincts. The following "joke" which appeared in the Berliner Illustrierte Zeitung confirms that judgment and suggests other points:

A wife is dying. "Have you got a last wish?" asks her husband. "Yes," she replies. "Apple tart with cream."

"This isn't the moment to eat," her husband replies sternly, "it's the moment to die."

That could seem funny only to a people to whom human life and family affection have become incidents—and to whom even the idea of edible delicacies has become farcical—to a people close to national hysteria.

#### SPRING FEVER

Do you remember the federal official who wanted his agency abolished because the war had destroyed its usefulness? Well, here's another victim of spring fever, he second who has come to our notice.

He is Owen A. Mandeville, a supervisor of Mamareck township, New York, who voluntarily reduced his own salary from \$7500 to \$3600 because he thought he smaller figure all the job is worth in wartime.

Council last evening rejected all bids for the construction of a new fire station in the Fourth Ward. Temporary quarters for Engine Co. No. 3 are costing the borough \$30 per month. Speed in getting the building erected would save some rent.

## Washington in Wartime

(First of two articles on the growing importance of air power.)

By JACK STINNETT

WASHINGTON — The biggest air story of World War II is in the making.

Although they won't give any reason at all for publication, and very little more than that off-the-record, air corps officers in both the Army and Navy are treating Washington to the biggest grins of this war so far. That set this correspondent to digging, and out of the files and conversations with unquotable but authentic sources, it's apparent that big things are in the making along the ack-ack front.

I'm not going to make any effort to give a complete round-up of what is taking place, but I am going to hit a few important high spots.

LET'S start with WPB Chief Donald Nelson's recent statement that April airplane production in the United States alone has hit just under or over 7,000 planes. Let's note that some observers are saying flatly now that no matter how large our Army becomes, one-third of it will be air corps (this includes ground crews, the Air Transport Command, etc.).

And then let's settle for a few reports from the fronts.

In the Pacific, in spite of recent concentrations of Jap air power and the desperate plea for more planes from our own commanders, it has been officially reported that we still are knocking out five Nip planes for every one of ours sacrificed. So far, too, there seems to be every indication that we are breaking up those convoys of troops and supplies.

I don't mean to minimize the urgency of appeals from the Pacific and China for more airpower. I do want to emphasize that the most emphatic of these appeals has come from General Douglas MacArthur — and that even in the tragic days of Bataan, General MacArthur still was considered here as feeling that airpower was merely an adjunct to fighting forces on the ground and water.

IN Africa, Allied air forces have written one of the most stirring sky stories of the war, taking command of the air over Tunisia; pulling such stunts as knocking down 68 big Axis transports and a score more fighting planes in 48 hours; raiding Sicily, Sardinia and Italian mainland cities, without sacrificing offensive air strength on the Tunisian fronts; and potting 20 big Axis convoy planes in a single battle.

From Russia comes a report of a 200-plane blockbuster raid on the East Prussian rail center of Insterburg and numerous other raids on Danzig, Tilsit and Koenigsberg. For the first time in the war on the eastern front Russia has opened up with a bombing offensive.

What is happening on the western front is too well known to need repeating. United States daylight precision bombers are smacking industrial Germany by day. The R.A.F., which dropped more than 50,000 tons of bombs on the Nazis, in 1942, apparently is out to make that seem like a year of ring-around-the-rosy.

(Tomorrow: What the new air offensive means.)

## Green Broccoli Rich In Nutritive Values

Broccoli is likely to replace cauliflower in Victory gardens, not only because it is more easily grown by amateurs, but also because of its high nutritive value. It is one of the richest of vegetables in vitamin A, in which cauliflower, which has a similar flavor, is poor.

While it grows all summer vigorously, its best crops are produced in cool weather, in the early spring and summer, and in the fall. For an early crop, plants may be started indoors and set out in the garden as soon as frost danger is over. For a late crop, sow seed in the garden about June 1. It is also possible to sow seed in the garden when the very first crops are put in, and grow them all summer. Plants should stand 18 inches apart in the rows, and the rows at least 2 feet apart.

Its thick stems bear dense heads of green flower buds. Unlike the cauliflower, these heads are of perfect form and do not degenerate into the "cauliflower" of the white types. If the Italian broccoli stands too long in the market or in the garden the buds begin to open into yellow mustard-like flowers.

The thick stems near the flower heads are also edible and of as fine a flavor as the heads of buds. The leaves, however, are stronger in flavor and while esteemed by foreign cooks do not appeal to the American taste, which takes only to the thick tender stems and flower heads.

Harvesting Green Sprouting Broccoli.

There is no necessity for tying up leaves as in cauliflower and the stalk bears a main head and when cut develops a number of side branches with edible heads. It is delicious served steamed or boiled with Hollandaise sauce or merely with a dressing of melted butter. It should not be overcooked, but requires a little longer than cauliflower or cabbage because of the solidity of the stems.

#### HOME ECONOMICS EXTENSION NEWS

Prepared by  
Thelma Prendergast

Some homemakers who are remodeling or making new garments for themselves or members of their families are not finding exactly the kind of zippers they want to use. Where this is true, there are some excellent wartime substitutes.

Metals have gone to war so fewer zippers are being manufactured. To take their place are buttons, hooks and eyes, and

snaps. Satisfactory plackets and other fastenings can be made without zippers, and many of the ready-made dresses this spring are zipperless. Some dresses may be without plackets; drawstrings and belts hold the extra fullness in place.

Buttons are important this year in any wardrobe. Buttons are tailored, gay colorful, and decorative. When choosing buttons, consider the type of garment on which they will be chosen. Buttons consider the type of garment on which they will be used. Pearl or washable buttons are most satisfactory for cotton dresses. Plastic buttons are better for garments that do

not make frequent trips to the washbasin.

To take care of buttons, every home maker should have a button box to hold those that are cut off worn out garments and any extra ones not used. Some old buttons make interesting cuff links and others give a new look to a collar when sewed along the edge.

## Use hot water for health . . .

but use **GAS wisely!**

Here's how you can help the war effort and your own pocketbook!

In this war emergency it is more important to maintain individual health. One way is to use enough hot water for bathing, keeping the children clean, hair washing, household cleaning, dishwashing and other home uses. For hot water helps you keep your home clear of germs—and that means less danger of infection—consequently a better chance to maintain normal family health.

But because in this area Natural Gas has become a vital war material . . . because our war industries, in their stepped-up production schedules, are using more and more Gas . . . it is up to us all not to waste Gas.

This doesn't mean that you have to get along without the hot water you need—only that you use it wisely and efficiently. The Gas you save—and that your neighbors save—can be used to complete a badly-needed tank, the armorplate for a ship, the propeller for a plane.

Natural Gas is vital to war industries.

Use it wisely!

1. Repair all leaking faucets.
2. Don't fill the tub any higher than you have to.
3. If you have a shower, don't run it too long for a bath.
4. Fill the wash-basin; don't let the water run indefinitely.
5. Don't use hot water in the tub merely to heat the bathroom.
6. Use hot water economically when washing dishes.
7. See that your water heater is clean and adjusted properly.

Interesting Items Taken From  
The Warren Evening Times

In 1923

The One Hand watch Company will soon have its product on the market. A one hand clock is going over in good shape and it is expected the unique watch will also sell well.

The band organized by the Loyal Order of Moose some time ago was tendered a banquet in the Moose building. Prof. Harry Brunner, of Erie, director of the band received many compliments during the evening.

"Daub" Amsdell, of the Central Fire Station has been playing a series of barnyard golf games with Chief Stub Gordon but the scores just received show that it was really the Chief giving an exhibition and not a game at all. In two games Amsdell got nine points.

Warren county Boy Scouts will observe Forest Fire Prevention Week. There will be hikes and tree study and instruction will be given in forest fire fighting.

Ed H. Morrison, who has conducted a store at Morrison street and Penn avenue for many years has disposed of the store. The S. M. Flickinger Company has taken over the store and will continue to operate it.

In 1933

Dr. Robert F. Galbraith, of Westminster College spoke to the High School Senior class yesterday on the value of an education.

Work on the river road from Mohawk avenue to Glade Run is progressing in good shape and the highway will make an excellent detour during the paving operations on Pennsylvania avenue, east.

The frigid wave that struck this section Tuesday night still lingers and Warren folk are shivering in the unseasonably cold breezes that are blowing while snow flakes swirl through the air.

Work of building the CCC camps in this section is going forward despite the cold weather. Sergt. Fred Holmberg yesterday inspected the camp at Hearts Con- and at Marienville and reported that good progress was being made on both jobs.

The U. S. Senate yesterday passed bills authorizing the construction of two bridges spanning the Allegheny river. One of these will be at Parker and the other at Tidoute.

## Opal Isabel Sturgis Weds Coastguardsman

Mr. and Mrs. Stanley Sturgis announce the marriage of their daughter, Opal Isabel, to Jack Sturgis Rich, seaman second class, stationed with the U. S. Coast Guard at Fort Pierce, Fla.

The double ring ceremony was performed in the Hendry Memorial Methodist church at Fort Pierce at 8 p. m. Saturday, May 1, by Rev. John B. Culpepper.

The bride had as her maid of honor Mrs. Howard C. Shoup, of Lima, O., and Howard C. Shoup, seaman second class, acted as best man. The bride was attractively attired in a navy blue silk street frock trimmed in white lace and with navy accessories. Red roses surrounded gardenias for her corsage. The matron of honor wore a sheer print with Talisman rose corsage.

Mrs. Rich was graduated from the local high school and attended Asbury College, Ohio Northern University and Washington University. Seaman Rich was graduated from the high school in Shawneetown, Ill., and attended Asbury College prior to enlistment in the coast guard. The newlyweds will make their home in Fort Pierce.

ence between the woman who seems to have time for anything and the one who doesn't is the way they plan their work.

Most homemakers follow a plan of some kind, but these days it is even more important that they have one. Spring housecleaning, outside duties and activities are calling for more of the homemaker's time. No matter how efficient she may have been in the past, she now will want to see if there are any time leaks or if she is using her energy unwisely.

Each homemaker must plan her day to include extra time for food production and preservation, for recreation with her family, for community activities, and to put special emphasis upon the health of her

family. All this may mean evaluating household tasks.

Families should take over the changes that are required in its way of living and see how each member may help to make the home front firm. Let each one share in the responsibilities of the home and in the recreation and fun for the family.

## SAVE... *Freedom of Worship*

How do you pray? Telling the beads of a rosary . . . whispering into pressed fingers warmed by your breath . . . your head covered, or uncovered? Do you speak the words in a prayerbook, or simpler words in your heart? In your congregation do men and women pray side by side, or separately? Do you go to services Sunday . . . or Saturday . . . or every day in the week? Or perhaps your own bedside is the only "pew" from which you've ever said a prayer.

It doesn't matter. This is America, where you enjoy Freedom of Worship. No one now orders you to go to the Church of any faith other than your own. No one brands you for choosing to go to the Church of your particular faith.

There are people in conquered countries who would now be awed by that fact. There are children in fascist lands who are being taught to worship false gods, and who don't know what the Churches of their fathers looked like, before they were destroyed.

Can you picture yourself denied this right, to worship as you please? You'd fight against it, wouldn't you? WELL, THE TIME TO FIGHT IS ON—NOW! Because one of the things this war is all about is—to guarantee to each and every man, woman and child the right to keep faith with his God, each in own way. That's one of the most important things our men are dying for in battle: to save Freedom of Worship. Let each of us at home fight to save it too, in the name of those who fight valiantly around the globe.

## Players Being Switched From One Position To Another On Most Every Team In Majors

**BY JUDSON BAILEY**  
Associated Press Sports Writer

The most valuable player competition in the major leagues this year could very well be styled the most versatile player awards.

War-time manpower shortages are causing managers to transplant their players from one position to another faster than most people can get the onion sets started in their victory gardens and if the spring shuffling is only the beginning, a fan must wonder how his favorite pitcher will do at shortstop in the fall.

The Phillies, with a pathetically small roster, are doing the most shifting of jobs and doubling up at two or more positions. Last week they brought outfielder Jim Waddell from Pittsburgh and made him their regular first baseman, moving Babe Dahlgren from that spot to shortstop. They have Schoolboy Rowe pinchhitting in almost every game in which he isn't pitching and they frequently have had three or four players swap positions during the course of a ball game.

Other clubs are doing it too. The New York Yankees moved Pitcher Johnny Lindell to first base and then to the outfield in spring training and the Brooklyn Dodgers switched Billy Herman from second to third.

But one of the prize swaps of the season was made yesterday by that indefatigable inventor, Frank Edison Frisch, who installed Catcher Al Lopez at third base for the Pittsburgh Pirates.

Lopez has been one of the best backstops in the National League for many years, but his previous experience at the hot corner was limited to about five games in an emergency with the Dodgers a decade ago. A few fans still remember his stopping balls with his chest, a La Pepper Martin.

By putting Lopez on third Frisch was able to give a try at shortstop to Bob Elliott, who only year before last was an outfielder. The result of the newest experiment was that both Lopez and Elliott made an error yesterday and Cincinnati copped the major leagues' first morning game 7-5.

A crowd of 2,958 was on hand for the contest at 11:30 a. m. (EWT) in Crosley Field and the Reds general manager, Warren

## COUNT FLEET HAS NEW ONE TO SHOOT AT

**By DONALD SANDERS**  
Baltimore, May 4—(P)—Count Fleet has a brand new track record to shoot at in the 53rd running of the Preakness stakes Saturday, but it looked today as though he'd have to run his own race to come close to it.

Mrs. John Hertz's racer showed a definite fondness for the Pimlico oval last fall when he set a new state record and equalled the track standard in the Pimlico futurity, but there doesn't appear to be a colt in sight capable of chasing him to a new mark in the Preakness.

The big brown son of Reigh Count, which carried Mrs. Hertz's colors to victory in the Kentucky Derby last Saturday, likely will be opposed by no more than three or four colts in the \$50,000-added second leg of the triple crown.

The only competitors in sight who, on the basis of past performance, might be expected to stay in the race with the Hertz hurricane are Blue Swords, second in the derby, and W. L. Brann's Vincennes.

## "CLIPPER" WAITS FOR COMMISSION

Villanova, Pa., May 4—(P)—Maurice (Clipper) Smith, Villanova football coach since 1936 and the watch charm guard of Knute Rockne's 1920 Notre Dame football team, awaited commissioning today as a captain in the U. S. marine corps.

The 45-year-old grid tutor, who succeeded Harry Stuhldreher when the latter went to Wisconsin, has been granted a leave of absence at Villanova for the duration.

He will be succeeded in physical education duties at Villanova by Vince McNally, his assistant. A college spokesman said, however, it was doubtful whether Villanova would have a football team this fall.

Following graduation from Notre Dame in 1921, Smith became head coach at Columbia college, Portland, Ore., and left in 1925 to coach at Gonzaga University, Spokane, Wash. In 1928 he was appointed head coach at Santa Clara where he remained until he replaced Stuhldreher.

Well, it may seem strange to you, but we've done okay here. By just *staying* in the tire business. No porch furniture, or fly swatters, or garden tools. Just tires. Our first love and our last. The business we know. The business we built up originally by earning a reputation as *tire experts*.

Maybe that's why hundreds of new customers have come to us during the last 17 months, along with our old friends. For advice on a tire "doctor." To bring us their certificates

for new Generals or to get their tires recapped by our skilled mechanics (right in our own shop).

Maybe that's why so many large truck fleet operators, too, have given us the whole responsibility for keeping them on rubber . . . so they can meet the terrific demands of war-time hauling.

And, maybe handling The General Tire had something to do with it. If there ever was a time when people want Top-Quality it is now.

**AT THE ELKS**  
The two top teams of the Elks league are still fighting it out for honors with the best four out of seven games deciding and it's still anybody's guess who's coming through with the goods. With tomorrow the finale in decision, the Texas Lunch still holds a slight edge on the betting odds with a two point win last night, while the Style Shop clipped the "hot dogs" for a singleton.

Barney Malone kept on slashing the woods for one of the highest roll-off averages ever established by topping 197, 198, and 170, for the first time he's gone under 200 in the event, to keep the Texas Lunch above water and was ably helped by Hoagvall with 196-160-176 to finish the job.

The Style Shop thanked E. Lynch for the best of the night, when he went wild on the 1-3 pocket and emerged with 620 pins on his side with games of 195, 234, 191 and had quite a bit of help from Don Hogan who left the pool table for a 514 set. The Texas racked up high single game for the night with 912 and tomorrow night will decide one of the two as 1943 champion.

HORSE PRAIRIE BY CLEM COLT

Chapter 25

THEY went scrambling up the perilous trail so steeply angling the almost sheer wall of the cliff-like butte called Black Point. They had nearly made the top when a shout and the quick flat cracking of rifles proved that the Stampede men below had sighted them. The whine of lead was like wasps' humming, and the shrill wild screams of ricochets were enough to shiver a man's grip loose—but they made it, and Tubac hustled Sue back from the rim where the Stampede lead couldn't reach her.

"Them thievin' sons is right on our heels," called Winch Face, darting back from the rim. "They're swarmin' up the mine dump now—" He broke off at a sudden wild crashing of rifles, and went springing back and peered over the edge. He let out a screech. The rifle dropped from his hands with a clatter. He spun half around and dropped head first to the rocks below.

Sue screamed and even Tubac's cheeks went gray. He said, "That's what we'll get if we ain't careful! I think, Bill, we—" Then he saw Blackwater's face and stopped.

Blackwater said, "I guess we're done," and pointed wearily down the sloping trail they had figured to take. There were horsemen on it; they were climbing upward, the last sun flashing from the barrels of their rifles. "We're blocked behind and in front as well."

A RIFLE banged from the rim behind them and Tubac felt Blackwater, at his side, suddenly stiffen. Tubac whirled, dropping his rifle and snatching out his belt gun. Flaming spat whitely from his leveled muzzle and a Stampede man, who was just in the act of hooking a knee over the rim, let go all holds and dropped from sight.

Sue, passing Jones, rushed to the side of the growling Blackwater, but Tubac dared not look round to see to his partner. He had all he could handle if he was to keep that bunch from below from rushing them. His only plan was to shoot each time one of the Stampede gun fighters showed—shoot until his cartridges were gone. It would not be long.

The crashing of rifle fire below the rim had risen to the loudness of a full pitched battle. He could not understand it until he remembered Chacon. That was it—Chacon! He had told the outlaw how Deckerman had stung him with all that fake money and Chacon had come to pay off the score!

Just as Tubac reached this comforting conclusion a clatter of horse sound rushed from the rear. "Don't shoot!" cried Sue as Tubac whirled. But Tubac, just then, was incapable of shooting. He was struck dumb and rooted by sight of the man striding toward him, Jinx Mueller the U. S. marshal.

"Fly at it, boys—clean 'em up," Mueller said to his men. Then he came over and grabbed Tubac's hand and shook it. "All is forgiven," he said with a grin. "That up you gave me was straight from the shoulder. It was Deckerman an' his crowd that was passin' that money—I got a confession outa Haines. He gave the

whole show plumb away. McGillis has pulled his freight, but I got Haines an' Shallett put away nice an' snug, an' we just caught Deckerman down below—Hear that? Firm's quit—But say! Who's this?" he said, jerking a thumb toward where Blackwater lay with his head in Honey Hair's lap.

The gambler looked up at them. His lips framed a tired, pale grin. "Just old Sam Holeman, Marshal, come back to die on the ol' stampin' ground."

"Sam Holeman!" Jinx exclaimed incredulously, and Tubac stared bug-eyed at the man who had been his partner. "Sam Holeman's been dead—"

"A lot of folks figured so," murmured Blackwater dryly, "but here's the proof. I can understand how come some of the folks round here didn't recognize me. Eight years is a long time, and my hair's pretty white. Besides, I had some nose trouble in St. Louis a couple years back and had to have an operation. It sort of changed my looks a bit, too."

A TWINGE of pain came over one side of his face and he turned on one side. "I got a hankering to come back here when I got wind of what the Stampede crowd was doing. Not so much because I wanted the land back myself, but I had a score to settle with Deckerman and some of those boys, and I didn't intend they should get away with anything."

He turned to smile at Sue. "I'm glad I did."

"Oh, Uncle Sam," she murmured, her eyes filling. "You're going to get well."

"Sure thing," Mueller said gruffly. "Well, have you to a doctor pronto. Looks like that bullet missed the lung."

"Either way," Sam Holeman smiled. "I've had some fun. Wisht I knew who it was fired them Stampede buildings."

"It was Chacon an' his gang. We sweat like hogs tryin' to nab 'em," Mueller grinned. "but the whole dang crew got away."

"That's wha' I call justice," Sam signed. "It was Deckerman an' McGillis that was makin' that fake money Sue's been tellin' me about. Marshal, you'll find their press an' the rest of the stuff down there in the mine where they been keepin' me prisoner. They finally guessed who I was and was goin' to leave me there to rot, they said, unless I signed over all my holdin's to them."

He beckoned Tubac closer. "When you an' my niece figure'n' to get hitched up?"

Sue blushed. But she said defiantly. "We're not, Uncle Sam. Mister Jones wouldn't marry the best girl on earth—he's made that very plain to me. Not even if her teeth were paved with gold!"

"Aw—I was jest talkin' to hear my neard rattle then. Anyways, I didn't know I e was any girl like you! Doggone, you ain't goin' to hold that agin' me, are you?"

"Well, but—"

"C'mon, Tubac said. "We go to talk this over."

"You'll make a mighty fine pair," Old Sam said. "Don't want you to disappoint me. I'm leavin' you each a half interest in Horse Prairie, an' I'd sure hate to see the old ranch split."

MEN AND WOMEN IN SERVICE Private Joseph Fazio has arrived home from Washington, D. C., on a five day emergency furlough on account of the death of his fiancée, Miss Cleo Morgan of Corry, Pa.

War Output Mounts In U. S. Plants (From Page One) however, Nelson was able to say: "In the first quarter of 1943 we produced almost 18,000 artillery pieces, including more than 7,000 anti-aircraft guns and more than 8,000 anti-tank guns. Our factories also turned out about 235,000 machine guns and more than 1,000,000 rifles and sub-machine guns."

Service was held Sunday evening in the United Brethren church on an observance of the Young People's Anniversary. James Thompson was in charge of the service assisted by a number of the young people of the church. There was special music and an inspirational program.

This evening the Youngsville Methodist Sunday school board and the official board will meet in the church parlors at 7:45 p. m. Several matters of importance are to be considered.

The Orange Circle will meet Wednesday afternoon May 5, with Mrs. Graham on Bates street. The evening division of Woman's Society of Christian Service will meet Thursday evening, May 6th with Mrs. R. C. Bailey.

May 7th the afternoon meeting of the Woman's Society of Christian Service will be held in the church parlors with the leader, Mrs. Harry Carlson and the hostess chairman, Mrs. Quinton Wolfe. Youngsville Saron Lutheran church was represented at the New York Conference held last week in Jamestown by Miss Clara Olson.

Iran McCanna who has been in U. S. Service away is now back in the states but is confined to a west coast hospital. He appreciates letters and bits of news from home. His present address is Pfc. General Hospital APO 913 Postmaster San Francisco.

Mrs. Florence Hyde was pleased to have a short visit from her son Gerold now in service. Friends here have received word of the marriage of Mrs. Theda Enock Rensma to Kenneth E. Colley 221 Baden Place, Midland Beach, Staten Island, N. Y. Mrs. Colley was formerly the wife of Frank Rensma of the Brokenstraw Flying School.

Mrs. Verne Jones is enjoying a visit from her sister Miss Twila Haight of New Jersey. There was a dance last Saturday evening in town conducted by the Elmer Jones orchestra.

Per Capita Tax Held at Old Amount (From Page One) The school calendar for the year was adopted and beginning of night school was announced for September 27. Approved for continuance were the directed correspondence courses available through Pennsylvania State College.

The committee on teachers recommended and the board approved addition of Fred A. Weigel to the training staff at the South street machine shop school.

BULLETINS (From Page One) Washington, May 4—(P)—Senator Davis (R-Pa.) has introduced a measure (S1050) to permit enlisted men in the lower pay grades of the limited service marine corps to elect whether they shall receive family allowances or allowances for quarters and subsistence.

Concert By Forge Band Won Approval Youngsville, May 3—A large crowd was present Friday evening in the Youngsville high school gymnasium when a splendid varied concert was given by an augmented band consisting of the National Forge employee band and members from the Youngsville high school band and the Veterans of Foreign Wars band, directed by Harry Summers assisted by Byron Swanson and Elmer Sederburg. The concert was sponsored by the Youngsville Music Booster Club.

The following numbers were given: Marine Hymn—L. Z. Phillips. The Thunder—J. P. Sousa. Bohemian Girl (Arr. by Yoder) Balfe. Morning, Noon and Night—Von Suppe. By the Band. Marimbo solo—By Miss Joyce Smedley. March of the Steel Men—B. E. L. Sterling. Byron Swanson, conducting Sabbath Chimes—H. LaForest. Pleasant Recollections—Lake. By the Band. Intermission. Imperial (Elmer Sederburg conducting)—Karl L. King. Show Boat—Kern. Londonderry Air—Folk Melody. The Rockie and His Army Mule Arthur Pryor. Them Basses—Huffine. National Anthem. There were about fifty performers in the augmented band and the program was varied enough to give all present as shown by the applause of appreciation after each number.

Little Miss Joyce Smedley of Warren greatly pleased by her skill in playing the marimbo and responded to two encores with Mr. Summers playing the piano accompaniment.

Mr. Byron Swanson announced the Music Festival to be given by the Youngsville high school musical organizations on May 14. In past years Youngsville musical organizations have taken part in various musical competitions away from town but this year owing to travel difficulties, the music department is putting every musical organized group in the junior and senior high school into the festival both instrumental and vocal.

Americans Move On Gateway To Tunis (From Page One) has reserve of war materials only for a short period," warn of huge U. S. production. While American troops threatened to move in the enemy's whole northern zone of defense in Tunisia, Axis jitters over a possible Allied invasion of Europe rose to a crescendo.

The German military commentator, Capt. Ludwig Sertorius, said powerful Allied forces, held in reserve, might strike immediately at Sardinia and Sicily without waiting for the end of the Tunisian campaign.

At the same time, Premier Mussolini was reported to have sent an urgent new appeal to Hitler for aid to repel a possible invasion of Italy from the south.

The U. S. 2nd corps, in cooperation with French troops in the coastal sector, have advanced many miles," Gen. Dwight D. Eisenhower's headquarters announced. "Several hundred prisoners have already been captured."

French vanguards were reported within 15 miles of Bizerte. "Further slight advances were made in the central sector, where the 1st army continued pressure on the enemy."

"On the 5th army front, there was considerable shelling and patrol activity."

A London broadcast said Gen. Sir Bernard L. Montgomery's 8th army veterans, long stalled in the southern coastal region, had opened a new assault in the mountains north of Takrouna, five miles above Enfidaville.

On the Russian front, Soviet dispatches said today that the battle for the Kuban bridgehead in the Caucasus was in full swing, perhaps marking the start of the great summer struggle, and declared that nearly 8,000 Germans had been killed in recent fighting there.

Over the battlefield, Soviet fliers reported they had shot down 54 German planes in two days while losing 21 of their own.

Coincidentally, the Moscow radio told the Soviet people that more American lease-lend planes had been sent to Russia than to any other military theatre.

Coal Rolls From Mines of Nation (From Page One) ing further negotiations, did not retreat when they agreed to the 15-day armistice—that they still refused to refer the case to the WLB.

The next step, he said in New York, is up to fuel administrator Harold L. Ickes, the appointed boss of the government-controlled coal fields.

Members of the board, on the other hand, expressed confidence in their position after at least one of them conferred with stabilization director James F. Byrnes, and several of the public members flatly implied that they would resign if they lost control of the case.

In a statement issued after a meeting of the union's policy committee, Lewis repeated a recent assertion that the miners are "no longer bound by the no-strike pledge," and that, by adopting the little steel wage formula, the WLB had "breached the understanding" between labor, employers, the public and the administration regarding wartime strikes.

Lewis also said "the war labor board must accept the full responsibility for the situation which he charged to 'distress in the ranks of labor'—apparently replying to President Roosevelt's Sunday night speech in which he blamed the walkout of nearly half a million miners on the national union officials. He added the miners would stand pat on their original demands for \$2-a-day wage increases, portal-to-portal pay and unionization of minor bosses."

Since there was no statement from Ickes concerning his Sunday conference with Lewis, the capital speculates whether the latter had obtained some concession from the government and bypassed the WLB.

County Flier Buried With Full Honors at Arlington (From Page One) recovered, all in the plane having been killed.

Besides his wife and parents, the young man leaves the following brothers and sisters: Virgil Bentley, Pittsburgh; Grant Bentley, Warren; Shirley and Betty Bentley, at home; also his grandmother, Mrs. Grace Bentley, Kinzua.

Lethal Gas Killed Two in Bedroom (From Page One) The inspector said the girl likely died without detecting the gas. By the time police were called, the gas had disappeared. Monaghan said he found Rose had purchased the necessary acids recently.

TIMES TOPICS AGAINST UNIONIZATION An election conducted under the direction of the War Labor Board at the Flexible Coupling Company's plant here yesterday showed that the majority of the men were against affiliation with a labor union. Less than 100 of the firm's 116 employees participated in the election.

Despondency Blamed For Self Killing Despondency over prolonged and continued ill health is given by officials as cause of the suicide early this morning of Charles Stearn, elderly employee on an all lease in the Sugar Run area.

Occurring just over the line in McKean county, the happening was investigated by Thomas Clark, of Bradford, coroner for that county. It was learned that Mr. Stearn, formerly of Coudersport, had been in failing health for the past eight or ten years and had failed in several previous attempts to take his own life.

Early this morning he was summoned to breakfast from the sun porch of the lease residence responding with "just a minute." Just afterward those inside heard a muffled report and hurried to the porch to find that he had shot away one side of his head, killing himself instantly.

The coroner permitted removal of the body to Bradford and later arrangements for funeral services have not been learned. It is understood that he leaves two sons, one of whom is Lyle Stearn, of Duke Center. His wife preceded him in death.

Pomona Will Be Held At Grand Valley Margaret Johnson, lecturer of Warren County Pomona Grange, No. 10, announces 10:30 a. m. Thursday as the opening hour for the quarterly session to be held at Grand Valley, entertained by Eldred Grange, No. 467.

The session will open in the fifth degree, with Worthy Master Arnel Carter in charge. The welcoming address will be given by Mrs. Darrell Lay, master of Eldred unit, with the response by Mrs. Harry Wells, Ackley master.

Reports of Granges and appointment of committees will be followed by the home economics hour arranged by the chairman, Mrs. Kenneth Haight. Recess will be taken for dinner and the afternoon session, which will be open to everyone, will convene at 1:30 o'clock.

Group singing will mark the opening, with a devotional service conducted by Rev. Leo McHaughy, of the Grand Valley United Brethren church. Worthy Chaplain Mary Wells will conduct the memorial service. Mrs. David O. May, of Russell, will speak on "Youth" and C. P. Lang, of Pennsylvania State College, will address the group on "Youth of Today." Special music will conclude the session.

At eight o'clock in the evening, opening the final session, there will be music by the Grangers, a skit by Darrell and Margaret Lay, a duet by the Brown sisters and special music by Mr. and Mrs. Kenneth Haight.

The fifth degree will be exemplified and the regular business meeting will conclude the Pomona session.

TURN 'EM IN Philadelphia, May 4—(P)—Pennsylvania motorists who did not get 1943 automobile license tabs must turn in their gasoline ration books to their local ration boards by tomorrow. The OPA announced that the books would be returned whenever new tabs were obtained.

THE SUMMER work uniform for both officers and enlisted women in the WAVES and SPARS will be a navy blue cotton gabardine suit instead of the previously announced reserve blue suit of the same material. The change was made because the reserve blue color, now used for the winter work shirts and for officers' sleeve stripes, was found to be unsatisfactory for the entire suit.

## Pupils From Naylor Studio In Recitals

For their contribution to National Music Week, voice students of Elizabeth Naylor's studio are presenting two recital programs. Gladys Young, soprano, is being assisted by a trio composed of Meredith Young, Eleonora Sandblade and James Shortt, piano, cello and violin, in a recital at 8:30 tomorrow evening in Dunham parlors of the First Methodist church.

On Monday evening, May 10, at the YWCA parlors, a student recital will be presented. All who are interested in the progress and work of some of the future singers of the community are cordially invited to help them celebrate the occasion of National Music Week. If ever there was greater need for sharing the music in our hearts with our fellow men or to hear the music of great masters, it is this year. In Britain, a "council for the encouragement of music and the arts" has been formed, a council "born of the war", which has forged ahead even in Britain's most crucial war experiences to bring concerts of instrumental and choral music to the widest possible audiences.

It is being recognized more and more in this country that music is of the utmost practical importance, a monotony breaker, a spiritual refreshment, and a vital recreational and cultural opportunity for both participants and listeners.

## Jewish Auxiliary Has Election of Officers

There was an excellent attendance for the meeting of the Jewish Ladies' Auxiliary held Monday evening in the synagogue social rooms and the following officers were elected to serve in the coming year:

President, Mrs. S. Sherman; vice president, Mrs. M. Berenfeld; secretary, Mrs. Jack Greenwald; treasurer, Mrs. A. Feldman; relief treasurer, Mrs. Fred Greenwald.

Following the business of the evening, Mrs. Earl W. Biddle, of Fort Warren, gave a clearcut and interesting talk on victory gardening.

To conclude, refreshments were served by the hostesses, Mrs. A. hulman and Mrs. M. Shulman.

### NAVY ENLISTEE IS HONORED GUEST

Walter Donald Hovanec, who recently enlisted for naval service and leaves Wednesday afternoon, was honored guest Sunday evening in the Nelson Hall in Youngsville when about 50 relatives and friends were entertained by his brother, Steven Hovanec, and his sister, Mrs. William Teconchuk.

Five hundred was enjoyed with high prize awarded to Charles LeTrent, while low prize was awarded to Mrs. Sue Lucia. Dancing was also enjoyed and the evening closed with the serving of a lunch. Many gifts and a purse of money was presented to the honored guest. A school chum, LeRoy Rhoades, who is in the navy and now located at Sampson, N. Y., was an out of town guest and other guests were from Warren, Youngsville and Jamestown.

### DEMOCRATIC WOMEN HOLD MAY MEETING

The Warren County Federated Club of Democratic Women held its May meeting last evening at the home of Mrs. C. I. McCracken, 205 Pennsylvania avenue, east, with a large attendance. Mrs. Lee Dunn was elected treasurer of the group and the new by-laws of the federation were read by the secretary, Mrs. William Erickson. Eight new members were reported.
